Candidate Documentation – ECC Assessment

[Document ID]

Meeting: [date], [time], [location]

A written candidature has two parts: this Election and Control Committee (ECC) assessment, and the candidate's own statement (Templates/candidate-consent-template.tex). Use one form per candidate. This form applies once the ECC (New Bylaws §13) is in place and administering the election; for elections run without an ECC, only the candidate's own written candidature is used.

ECC's note on the candidature, if any	Any procedural note the ECC considers relevant (e.g. how the candidature was received, whether all requirements were met). Not a recommendation for or against the candidate.

This document records the Election and Control Committee's part of a written candidature; it does not itself elect the candidate, and does not substitute for the candidate's own consent and statement.
